

Fast.

Faster.

SPEED. GLOBAL CONNECTION. EFFICIENCY.

It's never been easier to ship your important time-sensitive cargo across the globe or just to the next city. Air Canada Cargo offers three express services that will reshape how you think of freight. Express 30 opens Canada to domestic business like never before, with over 350 flights per day. Express 60 provides unmatched access in North America, with more non-stop flights from the U.S. to Canada than any other carrier.

Our latest addition, Express 90-i, is the international service that will carry your business to the world. All with time-specific drop-off and delivery that you can count on. Depending on which service is best for you, drop off your shipment 30, 60 or 90 minutes before take-off and it can be picked up 30, 60 or 90 minutes after wheel stop. Guaranteed. In fact, if we can't provide the exact flight you need or deliver your cargo within that time frame, we'll give you your money back. No hassles, no stress, just the best express products that come guaranteed. From Air Canada Cargo, when fast isn't fast enough.
